Minecraft MOD 1 Includes: Unlocked premium skins Unlocked premium textures MOD 2 Includes: Unlocked premium skins Unlocked premium textures No damage mod Unlimited breath Max Inventory Size ONE hit kill with weapons Max score Indestructible Tools Minecraft APK is a cult project that does not need excessive introduction. It not only captured the minds of gamers and became the only game "for life", but also spawned dozens, if not hundreds of clones of various levels of quality and orientation. Cubo-pixel graphics have become classic, and the mechanics are revolutionary. Go to one of the randomly created biomes, dig, mine, craft and build, start farming, create and be creative, fight opponents and just have a great time in an amazing world. Minecraft - Pocket Edition APK is the best sandbox with cubic graphics, a huge open world and hundreds of items available for crafting. The player will have a pickaxe at his disposal, as well as a huge world where you can move around and get the resources you need. Bright sun, high mountains, deep seas and beaches, these are only a small part of the locations where you can visit and put your imagination into action. MCPEDX APK has two main modes: survival and creative. Each of them is unique in its own way and will offer players completely different ways of development. In survival mode Minecraft PE, you have to fight for your own life, going through one night after another. You will be confronted by zombies that appear at night and are ready to do anything for a piece of human flesh. You will need a shelter, which can be simply in the form of a pit or a structure made of earth cubes. Having dealt with the crafting mode of items, you will be able to create weapons that will noticeably facilitate the gameplay and prevent zombies from getting close to your character. Minecraft PE creative mode eliminates the presence of dangers, in other words, nothing threatens you, and you can move anywhere and do construction. You will have unlimited resources and your imagination, which will allow you to build any structure from real life using dozens of different cubes. The control of the game is standard, you will have a multi-position joystick and a set of buttons responsible for the pickaxe gun, jumps and other actions.
